

## PRODUCT DISCONTINUATION NOTICE

**Date:** 12.09.2022

**Product:** Male / Female Cable Connectors, Male / Female Panel Mount Connectors

**Product group:** 402 Series / Subminiature Connector Range

**Last Order:** 31.12.2023

**Support:** Customer Service / Key Account Management

Dear Sir/Madam,

In the course of continuous improvement and regular review of our products, we have decided to discontinue the 420 series for economic and technical reasons.

**There will be no subsequent models for the products in the 420 series.**

The discontinuation date is 31 December 2023, so you have enough time to build up stock or find an alternative connector for your application.

**We will be pleased to help you find a suitable binder alternative. Please contact your key account manager or customer service representative directly.**

**Orders received by 31 December 2023 will be manufactured and delivered as soon as possible. This also applies to orders with a requested delivery date after 31 December 2023.**

All affected articles can be found in the table on the following page.
